CTRD2.0 (Clipped Tuned) Rail Dampers

RAIL NOISE REDUCTION

CTRD2.0 RAIL DAMPERS

- ◇ A proven noise damping system for railways – reducing peak track noise levels by 3-6dB
- ◇ A wide frequency response over the important acoustic range for rail noise
- ◇ A system that can be tuned for optimal performance on specific track forms
- ◇ No maintenance requirement
- ◇ Advanced installation techniques mean minimal possession times, therefore less downtime
- ◇ No effects on other elements of the existing rail infrastructure
- ◇ No interference with other track maintenance activities
- ◇ Visually unobtrusive
- ◇ Provides cost savings by reducing the need for acoustic barriers
